EXPLANATORY NOTE ON THE ABOVE AMENDMENTS

The following is the explanatory note on the amendments proposed in Notification No. CWR(1)/68 dated the 19th April 1968. This note is intended only to clarify the intention of the Council underlying these amendments and should not be construed as limiting or amplifying the scope of these proposed amendments in any manner whatsoever.

I. Consequent on the deletion already effected of Chapter XII relating to Students' Associations from the Regulations, reference to "Students' Associations" in Regulation 7(6) is being dropped.

II. The Council has decided that the registration of students who might default in payment of their annual subscription should be cancelled. It is now proposed to provide for a Regulation to enable those students, whose registration might be cancelled for default of payment of subscription, to apply for restoration of their registration.

III. It is proposed to grant exemption from subjects specified in the amendment to those who have passed the Diploma or Degree examination from the Indian Institute of Science, Bangalore, or from the five Indian Institutes of Technology at Bombay, Delhi, Kanpur, Khargpur and Madras, which are institutions of national importance.

IV, VI & VII. According to the existing Regulations, a candidate will be declared to have passed in a Group of an examination if he secures 40% of the total marks in each paper and an aggregate of 50% of the total marks of all papers in that Group. In case, however, where a subject is comprised more than one paper (Costing in Intermediate Examination and Advanced Accountancy and Costing in Final Examination), a minimum of 35% of the total marks in each such paper and a minimum aggregate of 50% of the total marks of all such papers in that subject are sufficient for a pass in that subject. It is now proposed to fix uniformly the minimum pass marks in all individual papers including Advanced Accountancy but excluding Costing at 40%. In case of the subject Costing, however, the existing standard of pass, namely 35% in each paper and 50% in aggregate, will continue.

V. The existing Regulations provide for grant of exemption from Statistics at the Final Examination to those who have passed the Statistician's Diploma Examination of the Indian Statistical Institute, Calcutta. It is now proposed to grant similar exemption to those who have passed the Degree Examination in Statistics from the Indian Statistical Institute.

VIII. According to the present requirements of the Regulations, individual marksheet is supplied free to each candidate of an examination. It is proposed to charge a fee of Rs. 10/- in case a duplicate marksheets in respect of an examination is required by any candidate.

Secretary.
